

KENT CRYSTAL ALKALINE

PRODUCT SHORT DESCRIPTION:

- RO + UV + UF + TDS Control + Alkaline + UV in Tank Water Purifier

DESCRIPTION:

- Wall Mountable RO Purifier with Smart Alkaline Technology to Maintain pH Level of the Purified Water Between 8.0-9.5
- Bring home all-new KENT Crystal Alkaline, a technologically advanced RO Water Purifier with Smart Alkaline Technology that maintains the pH level of the purified water between 8.0-9.5. It utilises multiple purification process of RO+UV+UF+TDS Control to make water 100% pure while retaining essential natural minerals in the purified water. Also, the storage tank comes with UV LED which keeps purified water pure for longer durations. Equipped with Zero Water Wastage Technology, this purifier recirculates water to the overhead tank, leading to no wastage of water. This purifier is ideal for purifying brackish, tap and municipal corporation water.

Makes Water 100% Pure

- KENT purifiers remove bacteria, viruses, chemicals, and even dissolved impurities such as arsenic, rust, pesticides, and fluorides to make water 100% pure and healthy that meets drinking water standards of IS:10500.

Multiple Purification Process

- The multiple purification process of RO+UV+UF+TDS Control makes water pure and suitable for drinking.

Retains Essential Minerals

- The innovative Mineral RO Technology from KENT uses a TDS Controller to retain essential natural minerals in purified water, thereby providing 100% pure and mineral-rich drinking water.

Alkaline Water

- KENT Crystal Alkaline helps in maintaining the pH level of the purified water between 8.0-9.5 and thus, provides alkaline and healthy drinking water.

In-tank UV Disinfection

- It is equipped with an in-tank UV disinfection feature. The UV LED in the storage tank keeps purified water pure for longer durations.

World's Best Quality Certifications

- KENT RO Purifiers have been awarded with certification from NSF, (USA) and internationally renowned Gold Seal of the WQA.

1 Year Warranty + 3 Years Free Service AMC

- Now, get complete peace of mind with 1 Year Warranty + 3 Years Service AMC* FREE, worth Rs. 3000, on all KENT RO domestic Water Purifiers.

Zero Water Wastage Technology

- Equipped with Zero Water Wastage Technology, this purifier recirculates rejected water to the overhead tank using its own pump, leading to absolutely no wastage of water during the purification process.

High Storage and Purification Capacity

- This purifier comes with a high storage capacity of 11 litres and a high purification capacity of 20 L/hr to ensure continuous supply of purified water even in the absence of electricity.

Most Trusted & Awarded

- KENT's awards-studded growth is a shining testimony to its phenomenal reach and acceptance by global audience. KENT has received many national & international prestigious awards & recognitions.
