- Purifier Automatically Shuts Aoff When Storage Tank Is Full

Lack

- It Indicates Theat The Inlet Water Supply Pressure Is Low Or Below 0.3kg/Cm

Check

- It Indicates The Machines Is Continously Working For More Than 6 Hours

PPF, UDF, CTO, RO, T33

- PPF Indicates Sediment Filter Life
- UDF Indicates Pte Carbon Filter Life
- CTI Indicates Post Carbon Filter Life
- RO Indicates R.O Membrane Life
- T33 Indicates Mineral Cartiage Life
- Only RO Component
- NSF Certified
- A Quality Porduct
- Mineral Cartridge Adds Essential Minerals.
- Provide 100% Purified Water.
- Elegant Looks.
- Compact Design.
- Power, Tank Full & Purification Indicators
- Suitable For Water With TDS Upto 4000ppm.
- High Purification Rate.
- Table Top/Wall Mount.
- Available In Two Colour Variants: Black & White.
- Inbuilt Anti Scalant Filter.
- High TDS RO Membrane.
- Unique 3/8 Quick Filters.
- Highly Efficient Carbon Block Filter
- Technician Will Be Arranged Once The Product Reaches To Customer. For Installation Customer Has To Pay Rs.400 To Rs.500 Extra To The Technician Depends On City And Location. Kindly Call On Toll-Free No.18001202253 To Arrange The Technician
